

GUIDE FOR VISITORS

SCHOOL OF COMPUTER SCIENCE - TEL AVIV UNIVERSITY

i. Before You Leave Home

1. Visa Requirements

For information on the different types of visas to enter Israel you can check this link:

<http://www.tau.ac.il/visitors/visas.html>

In case you will need to apply for a visa you can get assistance from the Interacademic Affairs Office at TAU (contact person: Hava Shani, Tel. : 03-640-5119 or at: acadaff@tauex.tau.ac.il).

2. Insurance

We recommend that you arrive in Israel with prearranged health insurance from your home country. This may be supplemented with policies for automobile, home, health and life insurance by local companies:

Bela Lavon—Klal Bituah agency, located on campus in the Academy of Music building, tel. 6408850.

Sahar-Shiloah agency, tel. 6408016.

Amos Gilboa—Yedidim agency, tel. 052-3250975.

3. Accommodation

Foreign Students and visitors who wish to experience the Tel-Avivian life may prefer to rent an apartment in one of the central parts of the city. Please notice that renting an apartment in those may be a bit expensive, depending on size, location and the shape of the apartment. For that reason, many students prefer renting a roommates apartment.

Long Term Stay :

Tel Aviv University has very limited space in its dormitories. If your visit will be for at least 6 months during the academic year or during the months of the summer break (July-September) it might be possible to find you an available room for the period, so please let us know as soon as possible.

Don't Despair. Finding an apartment in Tel-Aviv is possible!. There are those who get lucky and find their dream apartment in a day and there are those who need more time. Focus on the three most important criterias for your apartment, - space, elevator, quiet, parking, neighborhood, etc. - and it will be fine. The exact length of your searching period depends on many factors including how aggressive you are, what your budget is and how much time you have available to view apartments.

If you've had enough of searching on your own or you simply want to start your search with some professional help, there are tons of real estate agents (metavech in Hebrew) that would love to help you. The standard pay for this service is one month's rent should they match with a place that fits your fancy.

Many smaller apartments in Tel Aviv were originally one unit that was subdivided into two or even three smaller units. This often creates a situation where apartments are lacking a defined kitchen with a spot for the fridge, gas stove and other kitchen-related amenities. If you don't mind the lack of a real kitchen, you'll probably find an apartment faster since there are a lot of these types of apartments in Tel Aviv.

For your convenience, here are some of the largest billboards in Israel:

Stores in Israel are generally open from Sunday through Friday afternoon. Some malls and stores also open for Saturday-evening shopping.

Gate No. 7 (Frenkel Gate) is the official pedestrian gate to TAU. Open hours are 7:30-19:00 on weekdays, on Fridays and Holiday Eve open from 7:30-12:00.

You can connect to Wi-Fi in all of the campus buildings.

The general TAU Wi-Fi network: **Public-Tau** , Key: **public-tau**

In every lab and office on campus you will find a phone for inside campus calls and external line (landlines & mobiles inside of ISRAEL).

For inside calls it's enough to dial the last 4 digits of the phone number. For example: (03) 640-8040, inside campus will be 8040.

When calling outside of TAU but to a landline in the Tel Aviv area (03 area code), when picking the phone you have to dial "3" and once you get a line click the rest of the phone number, without the area code ("03").

When calling outside of TAU but to a landline outside of the Tel Aviv area (area codes 02, 04, 08, 09, 077), when picking the phone you have to dial "3" and once you get a line click the rest of the phone number, including the area code. Same is when it comes to cellular lines which usually have 3 digits for supplier code and start with "05x-xxxxxxx".

7. Emergencies & Security

All of TAU gates are secured and you will have to go through a short security check when entering the University.

In any case where you see a suspicious person or activity (like theft for example), please contact Security at (03)640-5555 or inform the guard in the closest gate.

In case of injury inside campus that requires a paramedic please also contact Security at (03)640-5555.

If you are stuck in an elevator, in most of them you will find an emergency phone so you can either call security at 5555 or in Schreiber building you can contact the supervisor at 8030 or in some elevators you will see an emergency number written near the doors.

8. Eating Places

You will find in every building on campus vending machines for snacks, soft and worm drinks. Also there is no shortage of places to eat on campus, and ALL facilities comply with kashrut regulations. However, most of the facilities are of the fast food type.

Most of the Cafeterias close around 18.00 but you can always order Takeaway and ask them to bring it to the closest gate for you on campus (we advise to ask in advance if they supply deliveries to Ramat-Aviv and also make sure the gate is open at that time).

Here is a site that gathers most of the restaurants in Tel-Aviv (and outside) :
<http://www.restaurants.co.il/>

9. Sports Facilities

Extensive sports facilities are available on campus, including a fitness center, swimming pool, tennis and squash courts and a basketball court. A TAU Student ID Card entitles the holder to a discounted membership fee to most of the sports facilities. Regular membership is for 1 year but in case you are visiting for over 1 month and would like to have access to these facilities let us also know in advance and we might be able to get a special permission for a shorter memberships period. Use of the tennis courts and fitness center requires a one-time nominal fee. Important: You will need to bring with you a doctor's certificate, stating that you are in good health and able to use the fitness center, if you wish to work out in the gym.
