Doctoral Thesis - Research Purpose Statement

for Ph.D students in the Department of Environmental Studies

Name: ________________________________
Supervisor(s) _______________________
Faculty ______________________________
Department __________________________

Subject of the proposed research for the doctoral thesis:
____________________________________________________________________________________________________________
____________________________________________________________________________________________________________
____________________________________________________________________________________________________________

A brief description of the research topic and its unique contribution:
____________________________________________________________________________________________________________
____________________________________________________________________________________________________________
____________________________________________________________________________________________________________
____________________________________________________________________________________________________________

In order to clarify the environmental perspective please attach a half page appendix, with the relationship between the research and the environment, research contribution to the environment and the multidisciplinary aspects (if any) of the study.
