

Graduate Studies in the Department for Condensed Matter Physics

Open Day at the School of Physics, Tel Aviv University

Quantum materials, ultrafast phenomena,
nonequilibrium physics, biophysics and soft matter,
advanced optics, quantum information and more

Thursday, February 17th 2022

Shenkar Physics Building, room 401 (4th floor)

- 12:00: Meetup and snacks
- 12:30: Discussion on research fields in the department
- 13:00: Lab tours and informal meeting with researchers
- 14:00: Round tables (snacks #2) with research students
